Technology and Cell Phone Use at School: We recognize that many students often use cell phones and other devices to communicate with family and friends. These are helpful communication tools; however, these tools also present inherent risks to the safety and well-being of students if the technology is used inappropriately. At times, students may be permitted to use cell phones, laptops, tablets or other related technology equipment, but only with the permission of their teacher. While at A.S. Matheson and while on any school related trips and/or activities, and with the permission of their teacher, students must abide by the school's Code of Conduct and School District 23's policy for Student Use of Electronic and Social Media Communication (Policy 486). **If at any point, students' use of technology interferes with or distracts from the learning of others, schools may intervene and issue consequences in relation to the district policy.** Schools will also not be held responsible for any misplaced, lost, stolen, or broken items brought to school by students.

Stay Connected: Please feel free to sign up for our text messaging system by texting y to 978338. This allows us to send alerts and reminders to you about important dates and events!
